Proceedings: Order re: Stipulated Protective Order [Dkt. 17]

The parties' proposed Stipulation and Protective Order has been referred by the District Judge to the Magistrate Judge for consideration. The parties are advised that the Court declines to issue the proposed protective order to which they have stipulated for the following reasons:

1. While the Court is willing to enter a protective order in accordance with the parties' stipulation in order to facilitate the conduct of discovery, the Court is unwilling to include in the protective order any provisions relating to evidence presented at trial or other court hearings or proceedings. **Any use of Protected Material at trial or other court hearings or proceedings shall be governed by the orders of the trial judge.** The stipulation should, thus, include language to make this explicit.

2. The stipulation needs to be revised to make clear that the terms of the Protective Order do not apply to the Court and court personnel, who are subject only to the Court's internal procedures regarding the handling of material filed or lodged, including material filed or lodged under seal.

3. Proposed ¶3 needs to be revised to make clear if a Party's request pursuant to Civil Local Rule 79-5 to file Protected Material under seal is denied by the court, then the Receiving Party may file the information in the public record unless otherwise instructed by the court.

4. The Protective Order shall unequivocally state that nothing in the protective order shall be construed as authorizing a party to disobey a lawful subpoena or court order issued in another action.

The parties are further directed to the Court's sample stipulated protective order located on the Court's website for a sample of the format of an approved stipulated protective order. The parties are strongly encouraged to use the language contained in the approved stipulated protective order.
